Summary

Applied AI engineer and product-minded frontend/fullstack developer who ships LLM-enabled workflows: RAG prototypes, MCP tooling, and agent-facing systems, alongside production client web delivery. Strong on retrieval-first patterns, pragmatic tool choice, and release discipline. AWS Certified Solutions Architect, Associate. Based in Malaysia (Seri Kembangan / KL area).

Skills

Languages: TypeScript, JavaScript, Go, Rust, SQL, Shell

Applied AI: MCP, Claude API, OpenAI API, RAG, semantic search, sqlite-vec, ChromaDB, multi-agent orchestration

Frontend & product: Next.js, Nuxt, Vue, React, Astro, Tailwind, Figma

Backend & cloud: Cloudflare Workers/D1/R2, Node.js, Bun, AWS (DynamoDB, S3), Terraform, Vercel, GitHub Actions, microCMS, SQLite

Work Experience

Jr. Frontend Developer | OSBR Sdn Bhd, Malaysia Apr 2025 - Present

- Shipped an AI/RAG conversational prototype for a travel client (emotion classification, conversation logs, semantic retrieval) with Terraform-provisioned AWS infra (DynamoDB, S3).
- Built an internal Next.js AI chatbot for the same long-running client, connecting product surfaces to LLM-assisted workflows.
- Built a remote MCP server for OLAP-style analysis over a cooperative supply-chain database used in weekly catalog planning.
- Delivered Figma-to-code client sites on Nuxt, Vue, and Astro (microCMS); recovered a production Vercel outage; added Workers scaffold + GitHub Actions deploy to the team CLI.

Frontend Developer | Todak Digitech Sdn Bhd, Malaysia Jan 2024 - Apr 2025

- Owned responsive web delivery (UI, front-end, content strategy) with API integrations; validated flows across Laravel, React, and Flutter.

Projects

log.exe | Agentic CMS | Next.js, Workers, D1, R2, MCP, TypeScript 2026 - Present

- Built an operational source of truth with REST, MCP, CLI, and citation-based Ask/RAG so product facts stay consistent for humans and agents.

SQLite Vector Store | TypeScript, SQLite, sqlite-vec, OpenAI 2025

- Built retrieval-first semantic search over knowledge graphs without a separate vector database; open sourced.

Categorised Search MCP | TypeScript, OpenAI, ChromaDB, MCP 2025

- Built an MCP server for categorized document retrieval (RAG) over legal PDFs with embeddings and similarity search.

Education

Bachelor of Accountancy (Honours), First Class | Universiti Teknologi MARA 2018 - 2021

Certified Associate in Front-End Development | TalentLabs Academy Aug 2023

Certifications

- AWS Certified Solutions Architect - Associate | Amazon Web Services
